

## Calling all IMCAs!

Have you completed  
the 4 day DH approved  
IMCA Course?

Do you want to convert  
the DH course to  
the IMCA qualification  
module?

In order to achieve the qualifications in independent advocacy Specialist IMCA module, you will need to submit a portfolio of evidence which demonstrates your practical IMCA skills. A number of 1 day IMCA 'conversion' courses are being held to support existing IMCAs through this process of assessment. The course explains the assessment process and offers support to create successful portfolios. The next IMCA conversion course will take place on the following:

**24 February 2010 – London**

The cost of the course is £315 per person which includes a 1 day taught course, training materials, assessment and observation costs, registration and certificate fees (with City & Guilds). All tutors have experience in providing or managing IMCA services and all assessors are qualified.

By achieving this unit you will be awarded a Certificate of Unit Credit which can be used towards the qualification "Certificate in Independent Advocacy (IMCA)" or "Diploma in Independent Advocacy (IMCA - Deprivation of Liberty Safeguards)".

Please note, prior to confirmation of your place on this course we will require proof of completion of the DH approved IMCA course, ie. a photocopy of your certificate.

**If you would like us to accompany you through your bigger journey to achieving the full qualification, please see our website for details of where you can access the Core and Specialist units or contact us for more info.**
